## Let's Get Creative!

### FISH

**1** Use scissors to cut a 1 inch wide section off of a pool noodle.

**2** Cut 1 inch off of a pipe cleaner. Bring the ends together and press the center inwards to make a heart shape (diagram steps 1-3). Dab with hot glue and press into the side of the pool noodle ring.

**3** Using the remainder of the first pipe cleaner, follow the same steps to create a bigger tail fin. Pinch the loops (Diagram step 4) and glue to the opposite end.

**4** Glue googly eyes to each side of the face.

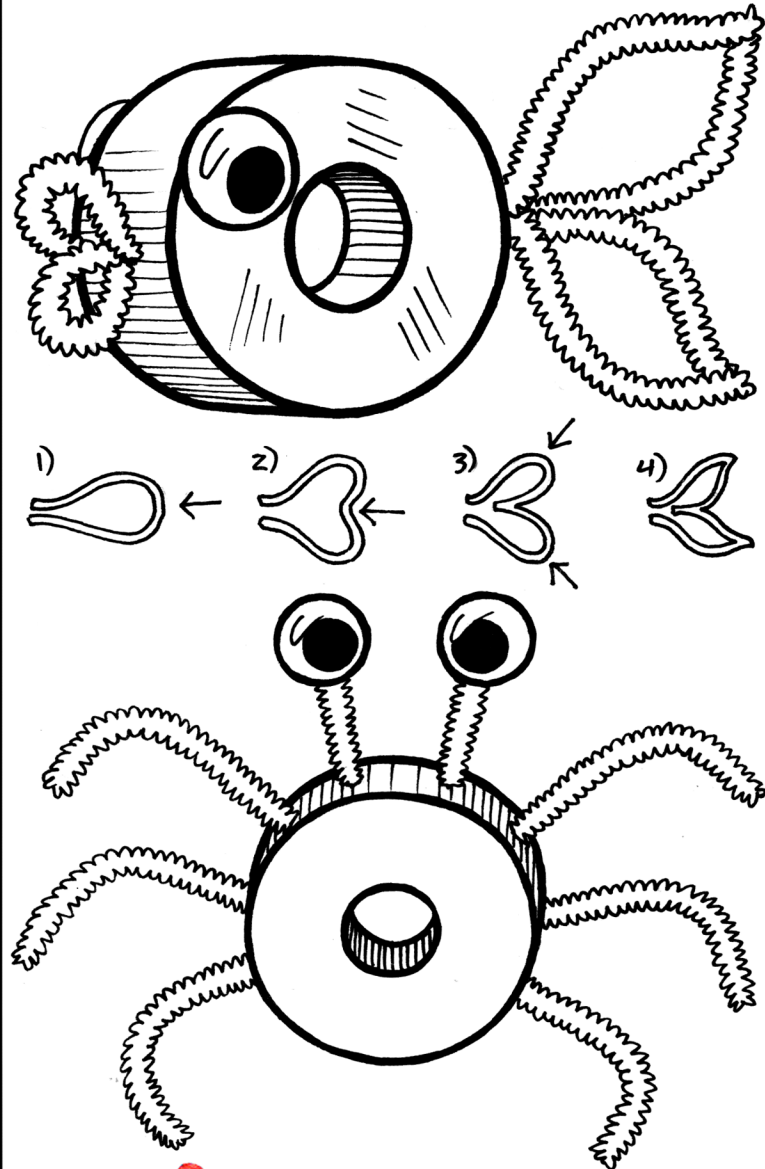

### CRAB

**1** Use Scissors to cut a 1 inch wide section off of a pool noodle.

**2** Cut 2 pipe cleaners into four sections.

**3** Glue ends of each section and insert into the noodle ring. Glue googly eyes onto the two center pipe cleaners.
