

A handmade gift idea for someone special!

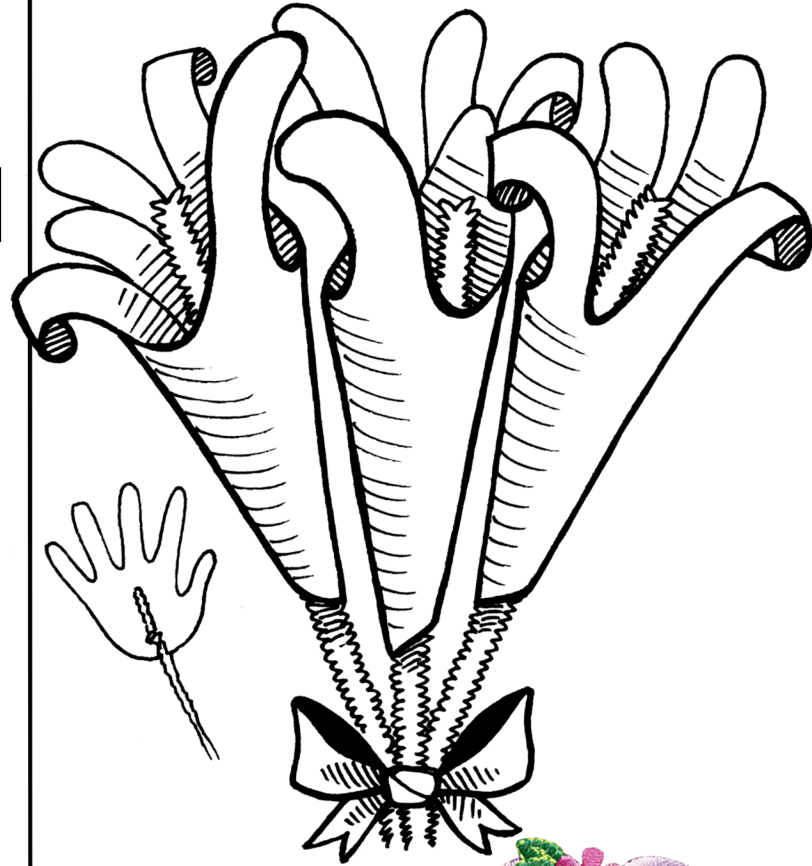

## What you will need

- Construction Paper
- Ribbon
- Pipe Cleaners (Yellow and Green)
- Tape
- Pencil
- Scissors

## Let's Get Creative!

- 1** Trace an outline of your hand onto construction paper for each flower you want to make. Cut out carefully with scissors.
- 2** Roll together the handprint at the base to form a cone. Make sure to leave a small opening at the bottom for the pipe cleaner to go through. Secure with tape.
- 3** Curl each finger outwards to shape the Lily.
- 4** Cut yellow pipe cleaners in half for the top part of the stem. Twist the yellow and green pipe cleaners together to create a long stem.
- 5** Insert the stem through the top of the flower. Adjust handprint and pipe cleaner with additional tape to secure both parts together.
- 6** Repeat all of the steps to make a small bouquet.  
\*Three handprint Lilies look beautiful!
- 7** Tie bouquet together using ribbon.
