

What you will need

- Paper plate
- Craft Glue
- Scissors
- Paint
- Crafting Pom Poms
- Construction Paper
- Orange Pipe Cleaner
- Googly Eyes
- Paint Brushes

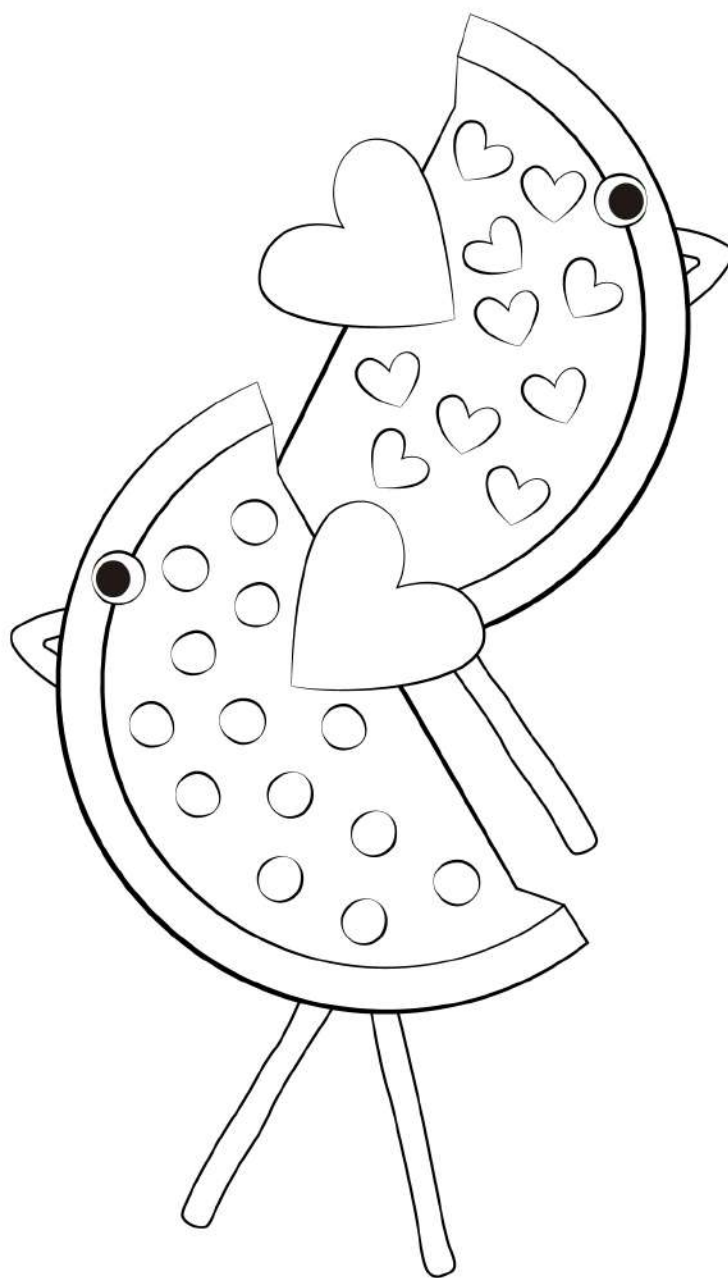

Note: One paper plate is all you need to make two birds. Choose your own colors and use supplies like buttons, stickers etc. to decorate your birds.

Let's Start!

- 1 Cut and paint paper**
Cut your paper plate in half. Use paintbrushes to paint the birds using your choice of color. You can make patterns with sponge brushes shaped like hearts, stars, or dots or you could also draw your design freehand if you prefer.
- 2 Add the beak and legs**
Cut a pipe cleaner in half, then bend the two halves together to form an upside-down "V." Next, glue them to the back of your plate to make the legs for your love birds. Cut 2" pieces of pipe cleaner, then bend them in half, and glue them to the top of the plate to make the bird's beak.
- 3 Cut out wings**
Cut little heart shapes from felt or colored paper to create wings for your bird and then glue the hearts sideways on the paper plates to make them look like wings.
- 4 Add eyes and decorate your paper plate crafts**
Then you'll add some googly eyes to your birds.

Your LOVE Birds are complete!
